A soft probe into a shadowy right-wing terrorist organization leads Mack Bolan to Seattle and another group that rules by fear, money and the blood of innocent victims - the Mafia.

The Mob's million-dollar price tag on Bolan's head still stands, but he dives deep into the heart of Mob territory to play a deadly game that may be his last. Holding hands with one Family and siding with their number one hitman, Bolan plans to deliver a fatal blow that would leave most of Seattle's underworld dead, pinned down, or running for their lives.

The Mafia does business in the only language they understand - blood and fear. The Executioner is gifted in this language.
