Jai Stone...

I met him in the shadows first. He was tall and broad-shouldered, a man walking a dangerous path of rage and revenge, barreling toward certain death. The more time we spent together, the more he showed me who he was.

Captivatingâ€¦

Charmingâ€¦

Ferocious in his own wayâ€¦

I had no right following Jai into the abandoned industrial site, but I did, and that stupid mistake was all it took to rip me from my world of semi-normalcy and thrust me headfirst into the gritty criminal underground with Stone as my only ally.

Above ground, I'm a student nurse painfully dragging herself through an unfulfilling life, but down here, where men wear tattoos on their faces and kill without remorse, I'm a fraud living on borrowed time...

...and not much of it.
